IN RE: Application for the Transfer of Certificate of Public Convenience and Necessity No.
9662-A from Cardinal Moving and Storage, Incorporated to DeHaven's Transfer and
Storage of Charlotte, Incorporated
Docket No. 2009-196-T

Dear Mr. Terreni:

Pursuant to discussions between Public Service Commission ("Commission") staff, The Office of Regulatory Staff ("ORS"), and DeHaven's Transfer and Storage of Charlotte, Incorporated ("DeHaven's"), DeHaven's filed a request for waiver of 26 S.C. Code Regs. 103-135(4)(3) (Supp. 2008), which requires an applicant to provide proof the services under the certificate have been "continuously offered and reasonably provided" for not less than twelve months prior to the application being filed.

ORS would not object to such a waiver subject to the condition that DeHaven's present witnesses or other evidence at the hearing showing compliance with the fit, willing, and able requirements as well as showing a need still exists for the services contained within the certificate. Otherwise, given the current state of the economy, ORS is concerned approving the transfer of a certificate which appears to have been dormant for approximately a year would be tantamount to introducing an additional and new competitor into the market without the necessary showing of need and would be unfair to other carriers who have been offering service continuously to the public.

Sincerely,

Shealy Boland Reibold
